EXECUTIVE COLLECTOR SUMMARY

The Ferrari 488 Pista Spider represents the open-top culmination of Ferrari's 488-generation special-series V8 programme and stands as one of the most technically significant modern Ferrari V8 Spiders. Unveiled in 2018 as the company's highest-performance production Spider at the time, it marks the 50th Spider model in Ferrari's history.

This specific vehicle is distinguished by three critical collector pillars:

- Special-Series Pedigree: Fuses extreme track-derived engineering into a road-legal, open-top platform.
- Scarce Steering Configuration: A highly desirable Right-Hand-Drive (RHD) variant.
- Elite Specification: Finished in Argento Nürburgring featuring the factory-original Extended Racing Livery (Option Code: PNT9).

Ferrari itself subsequently described the 488 Pista and Pista Spider as closing the chapter on its special-series V8 lineage, cementing its status as a vital blue-chip asset for long-term collector positioning.

Extremely Collectible, only 2 units known to be in Malaysia,
The only available Prime unit in UK is now Priced at GBP999,000.00 (Screenshot in Photos)
